IFS Cloud

IFS Cloud – Digital Product Training Catalogue

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Functional	Procurement	IFS Cloud - Procurement Foundation	Operational Procurement	Basic Data Setup for Procurement
				Initiate Purchase
				Manage Purchase
				Follow-Up & Analysis, Procurement
			Sourcing	Basic Data Setup for Procurement
				Supplier Quotation Management
				Strategic Supplier/Sourcing Management
			Supplier Contract Management	Basic Data Setup for Procurement
				Supplier Agreement Management
				Price Management, Procurement
			Strategic Procurement Planning	Basic Data Setup for Procurement
				Strategic Procurement Planning
			Supplier Relationship Management	Basic Data Setup for Procurement
				Supplier Management
				Supplier Performance Evaluation & Rating
				Supplier Request Management
				Business Activity Management for Supplier
			Employee Self-Service Procurement	Basic Data Setup for Procurement
				Procurement, Catalog Management
	SCM	IFS Cloud - Supply Chain Management Foundation	Rental Management	Manage Rent In
				Manage Rent Out

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Functional (cont.)	*SCM (cont.)*	*IFS Cloud - Supply Chain Management Foundation (cont.)*	*Rental Management (cont.)*	Initiate Rental
			Export Control	Export Control
			Warehouse Management	Part Management
				Handle Inventory
				Inventory Financial Control
				Receipt
				Warehouse Data Collection (WaDaCo)
			Supplier Schedules	Procurement, Supplier Schedules
			Demand Forecasting	Demand Planning
			Inventory and Supply Chain Planning	Inventory Planning
				Distribution Order
			Sales Order Management	Manage Sales Quotation
				Customer Agreement Management
				Price Management, Sales
				Manage Customer Order
				Follow up and Analysis, Sales
				Transport Administration
				Customer Return Management
				Sales, Customer Schedules
			Shipment Management	Shipment Order
				Shipment Delivery
	Asset Management	IFS Cloud - Asset Management Foundation	Asset Operations and Maintenance	Define Maintenance Basic Data
				Work Requests
				Maintenance Standard Planning
				PM Planning

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Functional (cont.)	*Asset Management (cont.)*	*IFS Cloud - Asset Management Foundation (cont.)*	*Asset Operations and Maintenance (cont.)*	Work Order Planning
				Work Order Execution
				Mobile Work Order Execution - Maintenance
				Bundle Task Planning
				Bundle Task Execution
				Operational Planning
				Repair Work Order Execution
				Follow up and Analysis, Maintenance
				Equipment and Personal Safety Management
				Generate Meter Invoicing
				Work Order Invoicing
				Direct contractor handling, B2B
				Tool and Equipment Administration
				Maintenance Change Request Management
				Service Quotation
			Asset Planning and Realization	Define Maintenance Basic Data
				Equipment Administration
				Compatible Unit Configurator
				Compatible Unit Processing
				Asset Design Basics
				Asset Design
				Asset Engineering
			Linear Asset	Define Maintenance Basic Data
				Linear Asset Administration
			Asset Performance Management	Anomaly Detections

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Functional (cont.)	*Asset Management (cont.)*	*IFS Cloud - Asset Management Foundation (cont.)*	FMECA	FMECA
			GIS Integration	Map Services
			Maintenance Planning	Define Maintenance Basic Data
				PM Planning - Maintenance Planning Board
				Work Order Planning - Maintenance Planning Board
			Document Management	Create and Maintain Document
				Search for and Use Document
			B2B Contracting	Work Order Execution B2B
	Service Management	IFS Cloud - Service Management Foundation	Service Order Management	Request Initiation
				Request Preparation
				Recurring Services
				Service Event Generation
				Installed Base Management
				Request SLA Template
				Request SLA Management
				Request Bundle Task Planning
				Request SLA Fulfillment
				Request Bundle Task Execution
				Invoicing and Closing
				Knowledge Management
				Define Locations
				Depot Repair Invoicing
				Repair RMA Initiation
				Repair Planning and Assignment
				Depot Repair Execution

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Functional (cont.)	*Service Management (cont.)*	*IFS Cloud - Service Management Foundation (cont.)*	Contractor Management	Contractor Order Assignment
				Invoice Contracts
				Define Service Contractor
				Tender Handling
				Service Contractor Invoicing
				Periodic Invoicing in Service Contractor Agreement
				Service Contractor Onboarding
				Service Contractor Agreement
				Contractor Order Execution
			Schedule Optimization and Dispatch	Dispatch
			Mobile Worker Productivity	Mobile Framework Custom Configurations
				Mobile Framework User Management
				Mobile Framework Failed Transactions Management
				Mobile Work Order Execution - Service (Request)
			Call and Case Management	Manage Case
				Create Global Solution
			Contracts and Warranties	Request Contract
			Service Logistics	Service Campaign Creation
	Finance	IFS Cloud - Finance Foundation	General Ledger	Basic Data Setup for General Ledger
				Journal Entry
				Parallel Accounting
				Period Reconciliation
				Tax Reporting
				Cash Flow Analysis
				Financial Analysis and Reporting

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Functional (cont.)	*Finance (cont.)*	*IFS Cloud - Finance Foundation (cont.)*	Accounts Receivable	Basic Data Setup for Accounts Receivable
				Customer Order Invoicing
				Customer Invoices without Customer Order
				Customer Payments
				Customer Credit Management
			Accounts Payable	Basic Data Setup for Accounts Payable
				Supplier Invoicing
				Supplier Payments Overview
				Supplier Payments Analysis
				Advanced Supplier Payment Types
			Fixed Assets	Basic Data Setup for Fixed Assets Accounting
				Fixed Assets Accounting
				Lease Accounting
			Cash Planning	Cash Planning
			Business Planning	Business Planning
			IFS Group Consolidation	Group Consolidation
			Project Accounting	Project Finance
			E-Invoicing	E-Invoicing
	Manufacturing	IFS Cloud - Manufacturing Foundation	Discrete Manufacturing	Basic Data Setup for Manufacturing
				Shop Order Manufacturing Planning
				Shop Order Manufacturing Execution
				Shop Order Repair Planning
				Shop Order Repair Execution
				Shop Order Disassembly Planning
				Shop Order Disassembly Execution

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Functional (cont.)	*Manufacturing (cont.)*	*IFS Cloud - Manufacturing Foundation (cont.)*	*Discrete Manufacturing (cont.)*	Shop Order Remanufacturing Planning
				Shop Order Remanufacturing Execution
			Batch Process Manufacturing	Basic Data Setup for Manufacturing
				Batch Balancing
			Repetitive Manufacturing	Basic Data Setup for Manufacturing
				Production Schedule Planning
				Takt Time Planning
				Production Schedule Manufacturing
				Kanban Planning
				Kanban Execution
			Material and Resource Planning	Basic Data Setup for Manufacturing
				Make to Stock Planning
				Master Planning
				Demand Driven MRP
			Configure and Make to Order	Basic Data Setup for Manufacturing
				Part Management
				Make to Order Planning
			Product Estimate Management	Basic Data Setup for Manufacturing
				Costing
				Estimate Bid Management
			Quality Management	Quality Assurance
				Control Plan
			Visual Planning and Scheduling	Scheduling with MSO
			Circular Operations	Part Management
				Eco-footprint

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Functional *(cont.)*	Projects	IFS Cloud - Projects Foundation	Project Management	Basic Data Setup for Project Management
				Project Planning
				Project Execution
				Project Conclusion
			Risk Management	Risk Management
			Project Reporting	Basic Data Setup for Project Reporting
				Project Reporting
				Multi-Company Project Reporting
				Project Reporting for Contractors
			Project Material Planning	Make to Stock Planning
				Project Material Requirement Planning
			Indemnity Management	Indemnity Management
			Job Rate Management	Job Rate Management
			Project Budgeting and Forecasting	Project Budgeting
				Project Forecasting
				Project Cash Forecast
				Project Accruals
			Contract Change Management	Contract Change Management
			Schedule of Work (SoW) Estimating	Schedule of Work Planning & Estimating
				Schedule of Work Execution
			Sales Contract Management	Sales Contract Management
				Sales Application for Payment
			Sub Contract Management	Sub Contract Management
				Sub Contract Valuation
			Project Deliverables	Design Project Deliverables

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Functional (cont.)	*Projects (cont.)*	*IFS Cloud - Projects Foundation (cont.)*	*Project Deliverables (cont.)*	Plan Project Deliverables
				Create Material Supply for Project Deliverables
				Ship Project Deliverables
				Install and Commission Project Deliverables
				Complete Project Deliverables
	HCM	IFS Cloud - Human Capital Management Foundation	Employee and Organization Management	Basic Data Setup for Employee and Organization Management
				Organization Administration
				Employee Administration and Lifecycle Management
				Employee Administration and Data Management
				Employee Survey
			Recruitment	Recruitment
			Time and Attendance Management	Time and Attendance Reporting
				Administer Schedules and Rules
			Health and Safety	Health and Safety Policy
				Incidents
				Risk Assessment
				Safety Management
			Employee Development and Training	Employee Development
				Training Administration
			Expense Management	Expense Administration
			Compensation and Benefits Management	Compensation and Benefits Management
			Payroll Transactions Interface	Transfer to Payroll
	CRM	IFS Cloud - Customer Relationship Management Foundation	Marketing Campaign Management	Marketing Campaign Management
			Lead Management	Lead Management

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Functional (cont.)	*CRM (cont.)*	*IFS Cloud - Customer Relationship Management Foundation (cont.)*	Business Opportunity Management	Business Opportunity Management
			CRM Business Objects	CRM Business Object Management
			Business Activity Management	Business Activity Management for Account
			Customer Management	Customer Management
	Sustainability	IFS Cloud - Sustainability Foundation	Emissions Management	Emissions Management
			Sustainability Management	Sustainability Management
				Manage KPI Catalog
	Aviation Maintenance	IFS Cloud - Aviation Maintenance Foundation	Complex Assembly Maintenance, Repair & Overhaul	Complex Assembly Service Contract
				Define Work Scope
				CAMRO-CRO Handle Order Structure
				CAMRO Disassemble Overhaul Object
				CAMRO-CRO Disposition Overhaul Object
				CAMRO-CRO Execute MRO Shop Order
				CAMRO Assemble Overhaul Object
				MRO Compliance Check and Delivery
			Component Maintenance, Repair & Overhaul	CRO-MRO Part Management
				Manage CRO Request
				Create CRO Receive Order
				Manage CRO Receipt
				Define CRO Work Scope
				Execute CRO Work Scope, Repair Shop Order
				Execute CRO Work Scope, Work Order
				Manage CRO Cost and Sales Lines
			Airframe Maintenance, Repair & Overhaul	Manage Master Configuration
				Manage Serialized Configuration

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Functional (cont.)	*Aviation Maintenance (cont.)*	*IFS Cloud - Aviation Maintenance Foundation (cont.)*	*Airframe Maintenance, Repair & Overhaul (cont.)*	Define Templates and Modifications
				Perform Maintenance Engineering
				Scope Maintenance Visit
				Schedule a Maintenance Visit
				Prepare Maintenance Visit
				Execute Maintenance Visit
				MRO Cost Accumulation and Pricing
				Dispatch Asset and Close Maintenance Visit
			Fleet Management	Handle Fleet Forecasting
				Fleet Requirement Handling
				Operate Asset
				Maintenance and Cleanup of Data
				Fleet Reliability Analysis
				Manage Maintenance Program
Technical	Experience Tailoring	IFS Cloud - Experience Tailoring Foundation	Tailoring Fundamentals	IFS Cloud - Introduction to Tailoring
				IFS Cloud - Configuration Fundamentals
				IFS Cloud - Introduction to OData
				IFS Cloud - Tailoring Fundamentals Assessment
			Configuration Concepts	IFS Cloud - Configuration Concepts
				IFS Cloud - Concept Mapping
				IFS Cloud - Configuration Concepts Assessment
			Configuration Tools	IFS Cloud - Page Designer
				IFS Cloud - Navigator Designer
				IFS Cloud - Configuration Tools Assessment
			Configuration Basic Operations	IFS Cloud - Application Configuration Packages

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Technical (cont.)	*Experience Tailoring (cont.)*	*IFS Cloud - Experience Tailoring Foundation (cont.)*	*Configuration Basic Operations (cont.)*	IFS Cloud - Translations
				IFS Cloud - Configuration Basic Operations Assessment
			Configuration Security	IFS Cloud - Configuration Context
				IFS Cloud - Security Administration
				IFS Cloud - Configuration Security Assessment
			Specialist	IFS Cloud - Experience Tailoring Specialist Workshop (Digital)
	Lobbies	IFS Cloud - Lobbies Foundation	Lobby Fundamentals	IFS Cloud - Lobby Overview
				IFS Cloud - Lobby Fundamentals Assessment
			Lobby Configuration Tooling	IFS Cloud - Lobby Configuration
				IFS Cloud - Navigation Guide
				IFS Cloud - Lobby Configuration Tooling Assessment
			Lobby Management	IFS Cloud - Lobby Performance Guideline
				IFS Cloud - Security
				IFS Cloud - Lobby Management Assessment
			Specialist	IFS Cloud - Lobbies Specialist Workshop (Digital)
	Workflow	IFS Cloud - Workflow Foundation	Workflow Fundamentals	IFS Cloud - Introduction to Workflows
				IFS Cloud - Workflow Architecture
				IFS Cloud - Workflow Fundamentals Assessment
			Workflow Development Setup	IFS Cloud - Tools in Workflow Configurations
				IFS Cloud - Introduction to Workflow Modeling
				IFS Cloud - Workflow Development Setup Assessment
			Workflow Modeling Concepts	IFS Cloud - Workflow Modeling Concepts
				IFS Cloud - Workflow Modeling Concepts Assessment
			Workflow Administration	IFS Cloud - Introduction to Workflow Administration

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Technical (cont.)	*Workflow (cont.)*	*IFS Cloud - Workflow Foundation (cont.)*	*Workflow Administration (cont.)*	IFS Cloud - Workflow Administration Assessment
			Specialist	IFS Cloud - Workflow Specialist Workshop (Digital)
	Development	IFS Cloud - Development Foundation	Development Fundamentals	IFS Cloud - Introduction to IFS Cloud Business Logic Development
				IFS Cloud - Introduction to OData
				IFS Cloud - Introduction to Developer Studio
				IFS Cloud - Introduction to IFS Cloud Web Development
				IFS Cloud - Development Fundamentals Assessment
			Layered Concept Introduction	IFS Cloud - Layered Application Architecture
				IFS Cloud - Layered Concept Introduction Assessment
			State Machine Modelling	IFS Cloud - State Diagram Modelling
				IFS Cloud - State Machine Modelling Assessment
			Translation Concepts	IFS Cloud - Introduction to Translations
				IFS Cloud - Translation Concepts Assessment
			Quality Assurance Practices	IFS Cloud - Introduction to Quality Assurance
				IFS Cloud - Quality Assurance Practices Assessment
			Advanced Web Development Concepts	IFS Cloud - Advanced Web Development Concepts
				IFS Cloud - Advanced Web Development Concepts Assessment
			Delivery Continuity Concepts	IFS Cloud - Introduction to Delivery Continuity
				IFS Cloud - Delivery Continuity Practices
				IFS Cloud - Delivery Continuity Concepts Assessment
			Specialist	IFS Cloud - Development Specialist Workshop (Digital)
	Administration	IFS Cloud - Administration Foundation	Administration Fundamentals	IFS Cloud - Fundamentals
				IFS Cloud - High-level Architecture
			User Administration	IFS Cloud - User Administration

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Technical (cont.)	*Administration (cont.)*	*IFS Cloud - Administration Foundation (cont.)*	*User Administration (cont.)*	IFS Cloud - User Administration - Assessment
			Monitoring	IFS Cloud - Monitoring
				IFS Cloud - Monitoring - Assessment
			Background Processing	IFS Cloud - Background Processing
				IFS Cloud - Background Processing- Assessment
			Security Administration	IFS Cloud - Security Administration
				IFS Cloud - Security Administration - Assessment
			Identity and Access Manager	IFS Cloud - Identity and Access Manager
				IFS Cloud - Identity and Access Manager - Assessment
			Advanced Security Administration	IFS Cloud - Security Checkpoints
				IFS Cloud - Segregation of Duties
				IFS Cloud - Advanced Security Administration - Assessment
			System Information and Utilities	IFS Cloud - System Information and Utilities
				IFS Cloud - System Information and Utilities- Assessment
	Extensibility	IFS Cloud - Extensibility Foundation	Integration Fundamentals	IFS Cloud - Introduction to IFS Cloud Tailoring
				IFS Cloud - Integration Fundamentals Assessment
			API Development	IFS Cloud - Working with APIs
				IFS Cloud - Message flows
				IFS Cloud - API Development Assessment
			Integration Configurations	IFS Cloud - Integrating 3rd party applications
				IFS Cloud - Integration brokers
				IFS Cloud - Integration Configurations Assessment
			Invoking Integrations	IFS Cloud - Direct invocations
				IFS Cloud - Indirect invocations

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Technical (cont.)	*Extensibility (cont.)*	*IFS Cloud - Extensibility Foundation (cont.)*	*Invoking Integrations (cont.)*	IFS Cloud - Invoking Integrations Assessment
			Integration Maintenance	IFS Cloud - Upgrading APIs
				IFS Cloud - Version Controlling Integrations
				IFS Cloud - Integration Maintenance Assessment
			Specialist	IFS Cloud - Extensibility Specialist Workshop (Digital)
	Mobile Development	IFS Cloud - Mobile Development Foundation	Cloud Mobile Fundamentals	IFS Cloud - Application User Experience
				IFS Cloud - Architectural Framework & Implementation
				IFS Cloud - Cloud Mobile Fundamentals Assessment
			IFS Cloud Mobile Development	IFS Cloud - Source Code and File Management
				IFS Cloud - Development Tools and Setup
				IFS Cloud - Data Synchronization Process
				IFS Cloud - Application Configuration & Security
				IFS Cloud Mobile Development Assessment
			IFS Cloud Mobile Process Optimization	IFS Cloud - Mobile Appearance Designing
				IFS Cloud - Debugging and Troubleshooting
				IFS Cloud Mobile Process Optimization Assessment
	User Experience	IFS Cloud - User Experience Foundation	User Experience Fundamentals	IFS Cloud - Introduction to the User Interface
				IFS Cloud - User Experience Fundamentals Assessment
			Features and Functionalities	IFS Cloud - User Features
				IFS Cloud - Features and Functionalities Assessment
			Design and Layout	IFS Cloud - Designing Fundamentals
				IFS Cloud - Design and Layout Assessment
			Accessibility and Usage	IFS Cloud - User Accessibility
				IFS Cloud - Shortcuts
				IFS Cloud - Accessibility and Usage Assessment

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Technical (cont.)	AI Services	IFS Cloud - AI Services Foundation	IFS.ai Fundamentals	IFS Cloud - Understanding IFS.ai
				IFS Cloud - IFS.ai Fundamentals Assessment
			Enabling IFS.ai	IFS Cloud - Enabling AI Services
				IFS Cloud - Enabling IFS.ai Assessment
			Model Management & Governance	IFS Cloud - AI-ML Model management
				IFS Cloud - Monitoring & Operations
				IFS Cloud - Governance, Security & Compliance
				IFS Cloud - Model Management & Governance Assessment
	Reporting & Analytics	IFS Cloud - Reporting & Analytics Foundation	Reports Development Fundamentals	IFS Cloud - Introduction to Reporting Solutions
				IFS Cloud - Reports Development Fundamentals Assessment
			Operational Report Development	IFS Cloud - Introduction to Operational Reports Development
				IFS Cloud - Introduction to Report Modelling
				IFS Cloud - IFS Report Designer Development
				IFS Cloud - Introduction to IFS Report Studio
				IFS Cloud - Operational Report Development Assessment
			Introducing Report Printing	IFS Cloud - Introduction to Report Printing
				IFS Cloud - Introducing Report Printing Assessment
			Additional Reporting Features	IFS Cloud - Introduction to Additional Features
				IFS Cloud - Additional Features Assessment
			Specialist	IFS Cloud - Reporting & Analytics Specialist Workshop (Digital)
	Deployment	IFS Cloud - Deployment Foundation	Infrastructure Fundamentals	IFS Cloud - Fundamentals
				IFS Cloud - High-level Architecture

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Technical (cont.)	*Deployment (cont.)*	*IFS Cloud - Deployment Foundation (cont.)*	*Infrastructure Fundamentals (cont.)*	IFS Cloud - Physical Architecture
				IFS Cloud - Remote Deployment Architecture
				IFS Cloud - Installation Artifacts
				IFS Cloud - Infrastructure Fundamentals Assessment
			Remote Deployment for IFS Cloud	IFS Cloud - Preparing Servers
				IFS Cloud - Management Server
				IFS Cloud - Installer
				IFS Cloud - Remote Deployment for IFS Cloud Assessment
			Installation and Maintenance	IFS Cloud - Deploying IFS Cloud
				IFS Cloud - Delivery Deployment
				IFS Cloud - Installation and Maintenance Assessment
			Upgrading from Apps to IFS Cloud	IFS Cloud - Upgrading from Apps to IFS Cloud
				IFS Cloud - Upgrading from Apps to IFS Cloud Assessment
			Advanced Installations	IFS Cloud - Advanced Installations
				IFS Cloud - Advanced Installations Assessment
			Monitoring and Troubleshooting	IFS Cloud - Monitoring and Troubleshooting
				IFS Cloud - Monitoring and Troubleshooting Assessment
			Specialist	IFS Cloud - Deployment Specialist Workshop (Digital)
	MWO	IFS Cloud - Mobile Development Foundation	MWO Fundamentals	IFS Cloud - MWO Application User Experience
				IFS Cloud - Architectural Framework & Implementation
				IFS Cloud - MWO Fundamentals Assessment
			MWO Application Development	IFS Cloud - MWO Lifecycle
				IFS Cloud - MWO Development Process

			Environment Studio	IFS Cloud - Introduction to Environment Studio
				IFS Cloud - Environment Studio Activities
				IFS Cloud - Environment Studio Assessment
			Insight Studio	IFS Cloud - Insight Studio
				IFS Cloud - Insight Studio Assessment
			Access Studio	IFS Cloud - Access Studio
				IFS Cloud - Access Studio Assessment
	Data Management	Data Management	Data Management Methodology	IFS Cloud - Introduction to Data Management
				IFS Cloud - Data Migration Transformation Rules and Functions
				IFS Cloud - Building Data Mapping for IFS Cloud
				IFS Cloud - Data Management Methodology Assessment
			IFS Data Migration Tool	IFS Cloud - Introduction to Data Migration Tool
				IFS Cloud - IFS Migration Jobs
				IFS Cloud - Managing IFS Migration Jobs
				IFS Cloud - IFS Data Migration Tool Assessment
			Excel Migration	IFS Cloud - Fundamentals of Excel Migration
				IFS Cloud - Execution of IFS Excel Migration
				IFS Cloud - Managing Excel Migration Jobs
				IFS Cloud - Excel Migration Assessment
			Data Management Extended Topics	IFS Cloud - IFS Migration Jobs for Custom Objects
				IFS Cloud - Data Cleansing for IFS Cloud
				IFS Cloud - Data Management Extended Topics - Assessment

PSO

PSO – Digital Product Training Catalogue

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Technical	Scheduling Workspace	PSO Foundation Getting Started with PSO	Scheduling Fundamentals	Scheduling Workspace Capabilities
	Planning Workspace		Core Data Configuration	Planning Workspace Capabilities
				Activity Data Management
				General Data Management
				Resource Planning and Shift Data Management
	Deployment and Installation		PSO Architecture and Technical Components Fundamentals	PSO Architecture
				Technical Components
			Deployment Methodologies	PSO Deployment Methods
				Data Sizing
	Administration		System Governance	Introduction to Administration
				Organisations and Dataset Management
				Profiles and Parameters
			Access Control	Access Management
				Schedule Exception Management
				Terminology and Time Zones
				Data Protection
	Maintenance		PSO Monitoring	PSO Monitoring and System Health
			Troubleshooting	PSO Troubleshooting
				Data Viewer and Run Simulation
	Integration		Cross-Platform Data Integration	Interface Methods
				Integration Overview

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Technical (cont.)	*Integration (cont.)*	*PSO Foundation* *Getting Started with PSO (cont.)*	*Cross-Platform Data Integration (cont.)*	Inbound Integration
				Outbound Integration
	Archiving and Reporting		Archiving and Reporting Foundation	Introduction to Archiving and Reporting
				Audits and Snapshots
				Reporting Framework and Attributes
	Simulation		Simulation Tools and Analysis	Introduction to Simulation
				WISE
				Operational Scenario Visualizer (OSV)
Functional	Scheduling Concepts	PSO Foundation Getting Started with PSO	Core Scheduling Principles	Scheduling Concepts
	Dispatching		Advanced Activity Dispatching	Introduction to Dispatching
				Managing Committed and Uncommitted Activities
				Schedule Dispatch Service
	Travel		Travel Optimization	Introduction to Travel
				Travel Options and Profiles
				Resource Travel Settings
				Travel Analyzer
	Appointment Booking		Appointment Booking Concept	Introduction to Appointment Booking
				Appointment Booking Concepts
				Appointment Templates
				Displacing Activities
				Reserving Capacity
	Parts and Tools		Parts and Tools Management	Introduction to Parts & Tools
				Collecting and Using Parts & Tools
				Depots

	Area	Foundation Digital Learning	Advanced Digital Learning	
		Course Name/Link	Curriculum Name	Course Name
Functional (cont.)	*Parts and Tools (cont.)*	*PSO Foundation* *Getting Started with PSO (cont.)*	*Parts and Tools Management (cont.)*	Part and Tool Capacity
	Split Activities		Split Activity Management	Split and Linked Activities Overview
				Split Activities
				Linked Activities
	Resource Planning and Management		Resource Management	Introduction to Resource Planning & Management
				Resource Planning
				Capacity Management
				Unavailabilities
				Advanced Resource Planning with Requirements
			Shift Management	Automated Shift Generation
				Shift Import
				Shift Planning Rules
	Cyclic Scheduling		Pattern-Based Scheduling	Cyclic Scheduling

MWM

MWM – Digital Product Training Catalogue

	Foundation Digital Learning	Advanced Digital Learning	
	Course Name	**Curriculum Name**	**Course Name**
Technical	IFS Mobile Workforce Management Foundation Getting Started with MWM	MCT Fundamentals	MCT - Introduction
			MWM - Integration Introduction
		Advanced Screen Design	MCT - Screen Design Desktop and Mobile
		Advanced Logic	MCT - Logic Desktop and Mobile
		Advanced Data Services	MCT - Host Data & Functions
		Persistent Forms Expert	MCT - Persistent Forms
		Integrations Implementation	MWM - Standard Integrations
			MWM - Custom Flat File Integration
			MWM - Custom Inbound
			MWM - Custom Outbound
			MWM - Custom Host Lookup
			MWM - Custom Host Inquiry
			MWM - Host Systems & Event Handling
		Adminstration Fundamental	MWM - System Administration Introduction
		Admin Configuration	MWM - Configuration & Setup
			MWM - Timesheets System Settings
			MWM - Maintenance
			MWM - Services
			MWM - System Configuration Settings
		Monitoring & Operations	MWM - Database Configuration & Maintenance
			MWM - Troubleshooting
			MWM - Integration Monitoring & Good Practices

Technical (cont.)	*IFS Mobile Workforce Management Foundation* *Getting Started with MWM (cont.)*	Deployment Fundamental	MWM - Integration Introduction
		Server Installation	MWM - Server Deployment Types
			MWM - Server Installation
		Database Engineering	MWM - Database Config and Migration
		MWM Reports	MWM Reports
Functional	IFS Mobile Workforce Management Foundation Getting Started with MWM	Work Execution Tools	Managing Projects
			Managing Work Orders
			Managing Tasks
			Managing Attachments
			MWM Mobile Add - On apps and Tools
			Mobile Attachments and Markup
		Communication & Alerts	Managing Office Alerts and Safety
			Managing Customer Engagement
			Mobile Alerts and Safety
			Managing Messages in Mobile
			Managing Messages in Office
			ETA Estimate
		Time & Resource Tracking	Managing Timesheets
			Managing Mobile Timesheets
			Timesheets Overview & Setup
			Job Costing
			Shift Registry
		Geospatial Operations & Insights	MWM Office Map
			Mobile Map Overview
		On Demand Operational Insights	Managing Inventory

	Foundation Digital Learning	Advanced Digital Learning	
	Course Name	**Curriculum Name**	**Course Name**
Functional (cont.)	*IFS Mobile Workforce Management Foundation* *Getting Started with MWM (cont.)*	*On Demand Operational Insights (cont.)*	Nearby Vehicle
			Nearby Worker
			Mobile Calendar
			Mobile Supervisor
		Work Planning tools	Deployment Planner
			Order Classifications
		Personnel & Shift Management	Managing Workers
			Managing Crews in MWM Office
			Managing Crews in MWM Mobile
			Resource Calendar
		Fleet & Equipment Management	Managing Vehicles
		Geospatial Resource Management	Managing Landmarks
			Managing GeoFences
		Automated Work Scheduling and Dispatching	Work Order Scheduling
			Equipment Scheduling
		On Demand Self-Dispatching	Nearby Orders
		Appointment booking	Appointment Booking
		Data Management - People	Administering Business
			Administrating User Accounts
			Administrating Workers & Crews
			Administering Resources
		Data Management - Work	Administering Work
		Data Management - Vehicles	Administrating Vehicles
			Administrating Equipment

Business Process

	Area	Course Name
Functional	Procurement	Purchase Requisition to Confirmation of PO
		Purchase Requisition to Confirmation of PO for Non-Inventory and No-Part Items
		Confirm PO with Differences
		Creating a Supplier for Purchase Part
		Purchase Authorizations
		Procurement Price Management
		Request for Agreement Quotation to Confirmation of PO
		Supplier Approval and Quality Requirements
		Employee Procurement Self Service
		Creating Distribution and Supplier Calendars and Schedule Exceptions
	Service Management	Reactive Service Request
		Recurring Service Request Fulfilment
		Service Request Process
		Repair & Return (RMA)
	Supply Chain Management	Rental In
		Rental In-Off Hire
		Rental Out
		Rental Out – Off Hire
		Replacement Order
		Internal replenishment
		Shipment of a Customer Order
		Capabilities & Putaway Zones
		Managing Rejected Materials & Supplier Returns
		Inventory Counting

	Area	Course Name
Functional (cont.)	*Supply Chain Management (cont.)*	Creating a Material Requisition
		Creating Warehouse Types, Warehouses, Location Groups & locations
		Goods Receipt & Inspection
		Sales Quotation to Customer Order
		Customer Order to Shipment
		Customer Agreement to Order
		Promotional Sales Price List to Customer Order
		Creating a Return Material Authorization to Return Receipt
	Customer Relationship Management	Lead Creation and Qualification
		Opportunity Management
		Quote to Order
		Account and Contact Management
		Marketing Campaigns
		Sales Campaigns
		Business Activity
		Duplicate Check

Release Courses

IFS Cloud & PSO – 2026 Release Training Catalogue

Release Cycle	Course Title
IFS Cloud	
26R1	
	26R1 - IFS Cloud Release Highlights
Functional	26R1 Asset Management - Asset Operations and Maintenance : New Features
	26R1 Asset Management - FMECA : New Features
	26R1 Asset Management - Maintenance Planning : New Features
	26R1 Asset Management - Asset Planning and Realization : New Features
	26R1 Aviation Maintenance - Heavy Maintenance Execution : New Features
	26R1 Aviation Maintenance - Line/Forward Maintenance : New Features
	26R1 Aviation Maintenance - Quality, Reliability & Compliance : New Features
	26R1 Aviation Maintenance - Technical Content Management : New Features
	26R1 Aviation Maintenance - Heavy/Depot Maintenance : New Features
	26R1 Customer Relationship Management : New Features
	26R1 Human Capital Management - Employee and Organization Management : New Features
	26R1 Lifecycle Experience - Environment Studio : New Features
	26R1 Manufacturing - Configure and Make to Order : New Features
	26R1 Manufacturing - Discrete Manufacturing : New Features
	26R1 Manufacturing - Material and Resource Planning : New Features
	26R1 Manufacturing - Quality Management : New Features
	26R1 Manufacturing - Visual Planning and Scheduling : New Features
	26R1 Procurement - Operational Procurement : New Features
	26R1 Projects - Project Budgeting and Forecasting : New Features
	26R1 Projects - Project Deliverables : New Features

Release Cycle	Course Title
Functional (cont.)	26R1 Projects - Sales Contract Management : New Features
	26R1 Service Management - Contracts and Warranties : New Features
	26R1 Service Management - Schedule Optimization and Dispatch : New Features
	26R1 Service Management - Service Logistics : New Features
	26R1 Service Management - Service Order Management : New Features
	26R1 Supply Chain Management - Sales Order Management : New Features
	26R1 Supply Chain Management - Shipment Management : New Features
	26R1 Supply Chain Management - Warehouse Management : New Features
Technical	26R1 Development - Advanced Web Development Concepts : New Features
	26R1 Experience Tailoring : New Features
	26R1 User Experience - Features & Functionalities : New Features
	26R1 Development : New Features
	26R1 Workflow - Workflow Administration : New Features
26R2	
	26R2 - IFS Cloud Release Highlights
Functional	26R2 Asset Management - Asset Operations and Maintenance : New Features
	26R2 Asset Management - Asset Planning and Realization : New Features
	26R2 Asset Management - Maintenance Planning : New Features
	26R2 Aviation Maintenance - Aviation Material Support : New Features
	26R2 Aviation Maintenance - Heavy/Depot Maintenance : New Features
	26R2 Aviation Maintenance - Line/Forward Maintenance : New Features
	26R2 Human Capital Management - Employee and Organization Management : New Features
	26R2 Human Capital Management - Time and Attendance Management : New Features
	26R2 Manufacturing - Discrete Manufacturing : New Features
	26R2 Manufacturing - Material and Resource Planning : New Features
	26R2 Manufacturing - Quality Management : New Features

Release Cycle	Course Title
Functional (cont.)	26R2 Manufacturing - Visual Planning and Scheduling : New Features
	26R2 Service Management - Contracts and Warranties : New Features
	26R2 Service Management - Service Order Management : New Features
	26R2 Projects - Project Budgeting and Forecasting : New Features
	26R2 Projects - Project Material Planning : New Features
Technical	26R2 Development - Quality Assurance Practices : New Features
	26R2 Experience Tailoring - Configuration Concepts : New Features
	26R2 Extensibility - Integration Configurations : New Features
	26R2 Reporting & Analytics - Introducing Report Printing : New Features
	26R2 Reporting & Analytics - Operational Report Development : New Features
	26R2 Reporting & Analytics : New Features
	26R2 User Experience - Accessibility and Usage : New Features
	26R2 Workflow - Modeling Concepts in Workflows : New Features
	26R2 Workflow - Workflow Administration : New Features
PSO	
IFS PSO 6.17 - Scheduling Concepts : New Features	
IFS PSO 6.17 - Scheduling Workspace : New Features	
IFS PSO 6.17 - Simulation : New Features	
IFS PSO 6.18 - Deployment & Installation : New Features	
IFS PSO 6.18 - Scheduling Concepts : New Features	
IFS PSO 6.18 - Scheduling Workspace : New Features	

Maintenix

Product	Course Name
IFS Maintenix	IFS Maintenix Foundation: Engineering
	IFS Maintenix Foundation: Extended Maintenance Planning
	IFS Maintenix Foundation: Maintenance Execution
	IFS Maintenix Foundation: Maintenance Planning
	IFS Maintenix Foundation: Procurement & Finance
	IFS Maintenix Foundation: Production Planning & Control
	IFS Maintenix Foundation: Supply Chain
	Introduction to IFS Maintenix
