

P1. INTRODUCTION

- S1.1 These Professional Services Terms sets forth the terms and conditions under which Copperleaf will provide professional services (the "Services") to Client. All SOW's will be governed by these Professional Services Terms and the Master SaaS Agreement (or other applicable master agreement between Client and Copperleaf) ("Master Terms"), unless Client has signed separate terms for Professional Services, in which case those terms will apply. All terms not otherwise defined herein have the meanings given to them elsewhere in the Master Terms.

P2. TERM

- P2.1. Term of SOWs. Each SOW will remain in effect until the earliest of: (i) expiry on its own terms, (ii) completion of the Services authorized thereunder, or (iii) termination by either party pursuant to the Master Terms.

P3. SCOPE OF SERVICES

- P3.1. Services. Copperleaf agrees to provide the Services outlined on the applicable SOW. Each SOW will be effective when executed by the parties.
- P3.2. SOWs. Each SOW will define specific Services to be provided to Client, the Services schedule or term, the applicable pricing and other appropriate terms.
- P3.3. Precedence. In the event of any conflict between these Professional Services Terms, a SOW, and the Master SaaS Agreement the order of precedence shall be as follows: (1) SOW; (2) Professional Services Terms; and (3) Master SaaS Agreement.

Where a Project Manager is appointed for Copperleaf in a SOW, each party will designate a project manager whose duties will be to act as the liaison for communications between the parties. Each party may change its project manager at any time by written notice to the other party.
- P4.2. Client Facilities and Assistance. To the extent reasonably required by Copperleaf, Client will, at its own cost, make available to Copperleaf certain of its facilities, computer resources, software programs, personnel and business information as will be required to perform any Services hereunder. Without limiting the generality of the foregoing, Client will perform such additional responsibilities, if any, as may be specified in a SOW. If Client fails to fulfill its responsibilities in a proper and timely manner and such failure is a direct cause of a delay in the performance of the Services or results in additional cost to Copperleaf, then Copperleaf may charge the Client for such additional costs and will be entitled to rescope the Services, including applying any additional charges to account for such delay.
- P4.3. Schedule. Copperleaf will commence the Services on or before the date specified in the applicable SOW. Any dates specified in a SOW are the reasonable estimates of Copperleaf for the time required to complete the Services based on the information available to Copperleaf at the time of signing the SOW. A delay caused by the act or failure to act of Client may result in a change of scope of Services.
- P4.4. Changes in scope of Services. The Parties acknowledge that changes to any SOW may be required during the performance of Services engagements. Each Party shall without undue delay notify the other upon learning of any circumstance which may necessitate a change. Changes shall be agreed in a signed change request/order and such change may impact deliverables, fees, charges, and time schedules etc. Any changes or modifications to the scope of Services in any SOW will be implemented only by the change process indicated below.
